A SECRET MESSAGE JUST FOR YOU!

Pssst... Hey, you!
I have a very important secret to tell you...
Grown-ups can't see the words on this letter, but YOU can!
That's because this is a special kind of North Pole magic. Only children can read it!

I'm so excited to be here for Christmas!
I've traveled all the way from the North Pole, and I can't wait for all the fun, surprises, and Christmas magic ahead.
I have a little job while I'm here, but don't worry! My favorite part is getting to spend Christmas with you.
Remember, this letter is our little secret.
If a grown-up asks what it says, you can tell them it's written in invisible elf ink!
Let the Christmas magic begin!
