HOW TO ASSEMBLE

PlayPlanners.com

1. Print all pages.
2. Cut out the front and back pieces along the outer edges.
3. Fold along the marked fold lines.
4. Slide the back piece inside the front piece, like a sleeve. Line up the edges and tape the sides and bottom together, leaving the top open.
5. On the back piece, carefully cut along the dotted line to create the small opening for the locking tab.
6. Place one complete mystery squishy set and its collector card inside the box.
7. Fold the top closed and tuck the front tab into the opening on the back to lock it in place. No tape needed!
